EARLY RETURNS INDICATE HARDING'S ELECTION ODDIE IS FAVORITE IN RACE FOR SENATORSHIP

BOTH PARTIES CONFIDENT AS VOTES ARE CAST

Fight for Control of Congress
Carries Much Interest in
Today's Election

NEW YORK, Nov. 2.—Men and women voters of 48 sovereign states of the nation went to the polls today to select a new president. Before the dawn of another day has broken the country in all likelihood will know whether Warren G. Harding, Republican, or James M. Cox, Democrat, has been selected to succeed Woodrow Wilson.

Second only in interest to the contest for the presidency is the fight between the two major parties for control of the next congress. Thirty-four senators are being chosen, as well as an entire new house of representatives. The present senate is composed of 47 Democrats, 48 Republicans and one Progressive. The present house consists of 190 Democrats, 222 Republicans, two Independent Republicans, one Independent and one Prohibitionist. There are also nine vacancies.

Will Hays and George White, the Republican and Democratic national chairmen respectively, each continued confident of victory when the polls opened.

Hays reiterated his prediction that a Republican ticket "was certain to obtain 368 electoral votes," and that there was a strong possibility that the total might reach the 400 mark. A total of 266 is necessary to elect. White gave out no last-minute prediction on the electoral vote, but renewed his expression of confidence in the election of Cox. Each chairman also predicted control of the next congress by their party.

The campaign itself, waged principally around the league of nations issue, did not come to an end until an early hour this morning. Unsettled weather with a possibility of rain faced the early voters in many western states.

DR. TURNER MOVES TO RENO

Dr. E. A. Turner, local physician, left by auto this morning for Reno, where he will establish his practice and make his future home. Dr. Turner had practiced in Goldfield prior to the war, giving up a lucrative practice to enter the service of the country. In the army he attained the rank of major and on his discharge came to Tonopah, engaging in his profession.

He has made many friends during his residence here and his departure is a real loss to this community. He is making the move to Reno due to the larger field which offers itself in that city, and he carries with him the best wishes of all the people of southern Nevada.

DEBS WILL NOT BE DISAPPOINTED

By Associated Press.
ATLANTA, Ga., Nov. 2.—Eugene Debs, the Socialist nominee for president, in a final campaign statement said: "I shall not be disappointed over the results of the election, as the people will get what they think they want insofar as they think at all." Debs will receive the election returns tonight in the federal penitentiary here where he is a prisoner.

INCREASE MAIL PLANE SPEED

"Our mail planes will be flying nearly 150 miles an hour just as soon as we fully understand this wonderful air in which we are operating." This declaration was made by Colonel John A. Jordan, head of the aerial mail service of the Pacific division, after spending yesterday at the Reno field. "Just as soon as we get a good grip on this air we will see some wonderful speed. This is shown by the time Pilot Sharpneck made recently in covering the 233 miles between Elko and Salt Lake City in 1 hour and 35 minutes, or at the rate of 136 miles an hour. The new yellow ships that are being put in service will be fast. They will be equipped with a new device that cuts the gas consumption down seven gallons an hour, thus effecting a material saving. This is a brand new device that is being put on these ships. We will station four ships here as soon as the hangar is ready. The planes are ready now."

"We are hardly organized yet. We have had to rebuild the ships to fit the altitude. This has been pioneer work as we have had no data on the locality and our men know nothing about air conditions."—Reno Journal.

MASSACHUSETTS VOTE MIXED UP

By Associated Press.
BOSTON, Nov. 2.—A complication in the vote of the Massachusetts members of the electoral college in the event that this state should go Democratic in the November election is possible. This is because of the inclusion on the ballot, among the Democratic candidates for electors for Cox and Roosevelt, of the name of Charles Francis Adams, 2d, treasurer of Harvard college and skipper of the yacht Resolute in the America's cup races, who has withdrawn. Mr. Adams said that he had been selected by the Democratic state convention without his knowledge, and that he did not wish to stand as a candidate for elector.

The letter requesting withdrawal of his name, according to Michael A. O'Leary, chairman of the Democratic state committee, did not reach the committee headquarters until 25 minutes before the expiration of the time for withdrawals on September 30. Mr. Adams was notified immediately by telephone that withdrawal could be accomplished only by sworn statements by the candidate, according to the chairman, but the time limit expired without action, and the name of Mr. Adams was placed on the ballot.

CUBA RESULT UNKNOWN FOR SEVERAL DAYS

Coalition Candidate Is Leading
Liberal by Very Small
Majority

By Associated Press.
HAVANA, Cuba, Nov. 2.—The work of canvassing the vote in yesterday's presidential election moved very slowly, and it seems probable that if the rate of counting maintained last night is continued, the result of the presidential election in the United States today may be known here before the Cubans learn the name of their next president. Returns from 111 of the 3002 precincts in Cuba show General Gomez, the Liberal candidate, had 10352 while Dr. Zaya, Coalition candidate, had 11034.

The second section crashed into it and partially wrecked a Pullman car.

WISCONSIN HAS MYSTERY CASE

By Associated Press.
LA CROSSE, Wis., Nov. 2.—An unusual case was disclosed today by Deputy State Fire Marshal L. Shearer, who announced that Mrs. Helen Biersen, of Brinckman Ridge, had told him she kept John Bier, a farm hand, concealed for four months in a closet at her home. His presence was discovered by her husband, Nicholas Biersen, who was found dead with the top of his head blown off by a shotgun on August 26. She said Bier had told her he killed her husband.

SEN. HARDING IS RESTING TODAY

By Associated Press.
MARION, Ohio, Nov. 2.—While the nation was recording its decision today on his candidacy for president, Senator Harding put politics out of his attention and gave the greater part of the time to a game of golf. Tonight, with Mrs. Harding and a circle of relatives and friends, he will learn of the balloting at his home, where local Republican leaders have planned a red fire celebration in his honor.

BETTING FAVORS G. O. P. TICKET

No stock quotations are available today due to the exchanges both in New York and in San Francisco being closed on account of the presidential election. Betting on the presidential election in the east was 8 to 1 this morning, according to wires received by R. Fred Brown. Very few bets are being made even at these odds, but considerable money is being placed upon the size of the Harding plurality in the various states. Ohio seems to be a favorite state in this respect. Quite a few bets have been placed on Oddie and Arentz at even money to defeat Henderson and Evans.

HEAVY VOTE IS CAST IN WEST

By Associated Press.
SAN FRANCISCO, Cal., Nov. 2.—The Pacific coast, the ultimate battleground of the leading contenders in the 1916 presidential election, was polling what was generally reported as a big vote today. Fine weather prevailed west of the Rockies except in extreme western Washington where rain threatened.

BRITISH EMPIRE IN ASIA ENDED

By Associated Press.
LONDON, Nov. 2.—The expansion of the British empire in central Asia is at an end and rightly so, Earl Curzon, secretary of state for foreign affairs, told the Central Asian society in an address recently. The function of Great Britain in the future, he added, was not to absorb territory there but to give security and to arrange that the evolution to a different and higher state of things should be easy.

The great bulk of central Asia, he said, had been thrown into the vortex of European politics. The Russian empire which Englishmen have regarded with apprehension had been for the moment obliterated from the scene. China was in the throes of a military crisis, the upshot of which no one could foresee. Afghanistan had acquired something like independence.

KILLS SELF BY CUTTING THROAT

John McCarthy, a miner, who cut his throat last evening while temporarily insane, died about 9 o'clock this morning in the Mine Operators' hospital where he had been taken for treatment. McCarthy cut his throat, severing the windpipe, completely, after imagining that he was being chased by murderers. He is said to have been acting strangely for several days. The deceased was single and had lived in Tonopah for some time, being employed at various mines in the district. He was a brother of J. J. McCarthy, a mining engineer, who was formerly in charge of the White Caps at Manhattan, but who is now living in Oatman, Arizona. The brother has been wired and funeral arrangements are being held up pending word from him.

CAN NOT SERVE IF ELECTED

By Associated Press.
HONOLULU, T. H., Nov. 2.—Two women, both Democrats, have been nominated for the territorial legislature following the promulgation of the suffrage amendment to the United States constitution. The names of both will be on the ballot today but, according to territorial legal authorities, they will not be able to take their seats in the legislature, even if elected.

Attorney General Harry Irwin holds that, while the suffrage amendment gave women the right to vote it did not give them the right to hold office at least not in Hawaii, where the session laws specifically state a member of the territorial senate or house of representatives must be a male citizen of the United States.

At the same time, says the attorney general, the secretary of the territory has no right to bar an American citizen's name, whether that of a male or female, from the ballot. The two women are Mrs. J. Saffell of Maui, who is running for the lower house, and Mrs. Mary Atchley of Honolulu, who headed the Democratic territorial senate slate at the recent primaries in Honolulu.

PLUMAS COPPER FIELD IS ACTIVE

By Associated Press.
QUINCY, Cal., Nov. 2.—Starting with a small discovery less than 10 years ago, and without any of the spectacular strikes or stampedes which mark the history of most mining regions, the Plumas copper field is forging to the front as one of the greatest in the west if not America. For a number of years the field was thought to be small and probably limited to the original deposit discovery. With two mines 14 miles apart producing millions of pounds of copper annually and scores of strikes in widely scattered sections made in prospect shafts or by diamond drilling, this theory has now been abandoned and the belt is now declared to extend from within three miles of Reno, Nevada, across Plumas county and well into Shasta county, California, a distance of more than 100 miles with lateral limits of at least 10 miles.

BETS FAVOR ELECTION OF JACK BARRIER

Incumbent Is Running Strong
In Race for Sheriff
and Assessor

A heavy vote is being cast in Tonopah today, with many persons going to the polls early in the day. Much interest is being shown in the election with all the county candidates working hard to influence voters as their favor. Betting favored the election of John Barrier, Sheriff, the odds being 2 to 1. One bet of \$200 to \$1000 this race was made this morning and a man bet at \$500 to \$250. J. J. Thompson is another favorite in today's election. His friends are rallying to his support and indications in the city are that he will get a good majority here.

The card which made its appearance on the street last evening, compiling the names of two Democrats and a candidate for justice of the peace with Harry Boushett, apparently had the effect of drawing support to Barrier and Grant, for it is recognized that they had nothing to do with the publication of the card and that it was an attempt to prejudice certain people against them.

Tucker, J. Oddie and Samuel Arentz for senator and representative respectively are pulling a heavy vote in Tonopah from all indications. The opinion on the street seems to be that the result of the Oddie-Henderson fight will depend upon what Washoe county does for Oddie. It is expected that Oddie will carry this county by a good majority to offset the Henderson vote in his home town. The presidential result is drawing very little interest here, as everyone seems to be concentrating the election of Harding and Coolidge. All talk on the streets is confined to the state and local candidates.

COX IS READY TO CAST VOTE

By Associated Press.
DAYTON, Ohio, Nov. 2.—James M. Cox, Democratic candidate for president, back from Toledo where he made his last speech, was ready today to cast his vote, as he said for the league of nations. Mrs. Cox, who accompanied her husband to Toledo, also expected to go to the polls with him.

After casting his vote, Cox planned to go to his former home and remain there until the election returns began to come in to his newspaper office there. He expected to spend most of the night watching the contest.
